

Dear FCC, I think  
it is remarkable  
that Sinclair  
Broadcasting can  
force their stations  
to preempt regular  
programming to put  
on propaganda right  
before an election.

This is not the  
Soviet Union!!  
This company  
occupies the public  
air waves and should  
serve the public  
interest. I protest  
this and you should  
do something to  
stop it.
